

2023 Autumn SEMINARS

- Meetings are each 2 weeks, Thursdays at 12:00. Check the schedule below. Holidays are highlighted in red.
- Seminar email list. All the notifications will be done by using *seminarios.nanociencia@imdea.org*. This list is updated with new members, so it is important to use it to not leave anybody behind.
- Research presentation format. A formal presentation on your research project, including an extensive introduction, results discussion, conclusions, and future perspectives. It's desirable if the presentations include detailed explanations of the technique you use, the data analysis and interpretation, and any information on the basis you consider important to follow your presentation. Going to the basics will allow the group to interpret your results better and give more profound feedback on what you are doing.
- The person in charge of the seminar of the week will be the chairman of the next speaker. Being the chairman means booking the seminar room for the next day, introducing the speaker briefly, and leading the question sessions.
- Seminar cancelation. In principle, the seminar dates are fixed and cannot be changed without a justified motif. Above all, if you need to cancel it, please send the cancelation email to the seminar email list. The person who is canceling the seminar is the one sending this email. In principle, the seminar canceled is moved to the next seminar date.
- If you have any doubts, please email me at sara.hernandez@imdea.org or drop by my office (126).

September

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
				1	2	3
