

2022 SPRING SEMINARS. TIME-RESOLVED OPTICAL SPECTROSCOPY PROGRAM

Meetings are each 2 weeks, Thursdays at 12:00. Check the schedule below.

- Research presentation format. A formal presentation on your research project, including an extensive introduction, results' discussion, conclusions, and future perspectives. It's desirable if the presentations include detailed explanations on the technique you use, the data analysis and interpretation, and any information on the basis you consider important to follow your presentation. Going to the basics will allow the group to interpret your results better and give more profound feedback on what you are doing.

Holidays are highlighted in red.

January

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
1	2	3	4	5	6	7
8	9	10	11 Indranil Bhattchargee	12	13	14
