

2024 AUTUMN SEMINARS

- **Meetings are each 2 weeks**, Thursdays at 12:00. Check the schedule below. Holidays are highlighted in red.
- **Research presentation format**. A formal presentation on your research project of about 20 minutes, including an extensive introduction, results discussion, conclusions, and future perspectives. It's desirable if the presentations include detailed explanations of the technique you use, the data analysis and interpretation, and any information on the basis you consider important to follow your presentation. Going to the basics will allow the group to interpret your results better and give more profound feedback on what you are doing.
- **The person in charge of the seminar of the week will be the chairman of the next speaker**. Being the chairman means booking the seminar room for the next day, introducing the speaker briefly, and leading the question sessions.
- **If you have any doubts**, please email me at sara.hernandez@imdea.org or drop by my office (126).
